When we arrived in Jerusalem, the Lord's followers gladly welcomed us. Paul went with us to see James the next day, and all the church leaders were present. Paul greeted them and told God had used him to help the Gentiles. Everyone who heard this praised God and said to Paul: ' My friend, you can see how many thousands of the Jewish people have become followers! And all of them are eager to follow the Law of Moses But they have been told that you are teaching thos who live among the Gentiles to disobey this Law They claim that you are telling them not to circumcise their sons or to follow Jewish customs..

Without this heart attitude it is exceedingly difficult for us to accept the circumcision of the flesh. Every affection, desire, thought, knowledge, intent, worship, and work of the flesh must go to the cross. *Watchman Nee*

Let every church realize that the inordinate love of tradition is a great opponent to revival... When a church slays the love of tradition, a major obstacle to revival will be slain with it. *R.O. Roberts*

[The natural life] knows that if the spiritual life gets hold of it, all its self-centredness and self-will are going to be killed and it is ready to fight tooth and nail to avoid that. *C.S. Lewis*

We may not preach a crucified Saviour without being also crucified men and women. It is not enough to wear an ornamental cross as a pretty decoration. The cross that Paul speaks about was burned into his very flesh, was branded into his being, and only the Holy Spirit can burn the true cross into our innermost life. *A.B. Simpson*

Our beliefs shape our values, and our values shape our actions. *Karl Graustein*

Social responsibility becomes an aspect not of Christian mission only, but also of Christian conversion. It is impossible to be truly converted to God without being thereby converted to our neighbour. *John Stott*

Professor Peter Stoner used "the Law of Compound Probability," to assess some of the prophecies relating to Christ. Stoner started calculating the probability of one individual who could precisely fulfil only eight prophecies relating to Christ. He computed the odds at 1 (to the 17th power), the same as 1 followed by 17 zeros. Dr. Stoner then computed the odds of one individual that could fulfil just 48 prophecies relating to Christ. He calculated the odds at 1 X 10 (to the 157th power) — or 1 followed by 157 zeros. This figure is astronomical and beyond human comprehension, but Christ fulfilled over 300 distinct prophecies, written by different men of different professions living at different times, over a time period of 1400 years, in three different languages.
